Subject:	Notice of rejection of all offers for the Taralynn Waterline Replacement Project, #3560-20B
Date:	Tuesday, September 17, 2019 11:21:58 AM

To all Bidders on the Taralynn Waterline Project;

This email is official notice that the City is rejecting all offers submitted for the Taralynn Waterline Replacement Project, Solicitation #3560-20B. It is in the public interest to reject all offers pursuant to BPC 49-0440 and ORS 279C.395 because the City finds that the prices presented by the Offerors is too costly. After correction of errors found in the lowest offer, all 3 offers were above the Engineer's estimate; therefore, the City has determined it is in the public's best interest to reject all offers. The City's goal is to combine this project with another construction project in the same area in March of 2020 in hopes of obtaining better pricing.
