

CANCELLATION NOTICE

PLEASE NOTE:

THE REQUEST FOR PROPOSAL # 3623-20B

Codification and Hosting of Beaverton Codes and Regulations has been CANCELED. The intent of the City is to reissue March 4, 2020

Staff determined that some proposers appeared to have inadvertently failed to respond to all portions of Attachment B, either by failing to fully complete the form or failing to provide required narratives for all specifications where a narrative was required. **The City intends to re-issue the RFP soon to allow all proposers the opportunity to demonstrate how their software best meets the City's needs and expects the new closing date to be one week from the re-issuance date.**
