RECOMMENDED ACTION:

Council, acting as the Contract Review Board, awards the contract to the low bidder, Kerr Contractors Oregon, Inc., of Woodburn, Oregon, in the amount of \$274,202.46, and in a form approved by the City Attorney, for the Street Profiling Project for In-House Overlays for Fiscal Year 2020-21, subject to Council's approval of the proposed FY 2020-21 Budget.

HISTORICAL PERSPECTIVE:

Street profile grinding removes the deteriorated pavement prior to resurfacing with new road mix asphalt. This allows the street pavement to be rehabilitated while still matching the original curb and gutter grade. Street overlays are necessary to repair the street surface and extend the life of a roadway an additional 12 to 15 years. Street projects are prioritized by the Public Works Department, utilizing pavement management system software.
