

To Whom it may concern

As the owner of the property in question 3950 SE Laurelwood Ave, and a neighborhood member, I fully support the RCF transition. As a fellow RCF owner, I realize fully the value they bring to a community. This property was purchased and remodeled with this purpose in mind. As a medical doctor I know what an important service this will be to the elders in our neighborhood. In this area, the demand is higher than the number of available places in such facilities. Please consider our elderly. I built this house with ample space and parking has never been an issue.

Thank you,
Dr. Cristian Morariu, MD
