Subject: Online Form Submittal: Service provider permit for Beaverton

Good afternoon Sam-

Thank you for the plans. The restroom facility is a small structure made of concrete. The restroom structure is also within 200 feet of SW Greenway. All firefighting operations will be conducted in SW Greenway and therefore, no on-site fire department access and/ or water supplies will be required for this project. No TVF&R service provider permit will be required for this project. Please forward this e-mail to the COB with your land use application. Let me know if you have any questions.

Thank you,

Jeremy Foster | Deputy Fire Marshal

Tualatin Valley Fire & Rescue

Direct: 503-259-1414

Service provider permit for Beaverton

Instructions

1. Complete & submit the [TVF&R Permit Application](#)
2. Complete & submit the [Fire Department Access and Water Supply Permit Checklist](#)
3. Attach one plan sheet, labeled FS-1, that clearly shows all access and water supply requirements of the Fire Department Access and Water Supply

Permit Checklist. If more plan sheets are necessary, label them FS-2, FS-3, etc. Please keep plan sheets to a minimum.

Once approved, an electronically stamped plan will be returned to you. The approved plan and permit application will then need to be submitted with your land use application to the city of Beaverton Planning Department . If you have further questions, please contact Jeremy Foster at 503-259-1414 or Brian Ernst at 503-259-1422.
