Neighborhood Meeting Notes for Westmont Private Park Development

The neighborhood meeting was held October 20, 2020 during the Neighbors Southwest Neighborhood Association Committee Meeting (NAC) via Zoom. The NAC meeting began at 7:00 PM and according to the agenda, presentation of the proposed development was scheduled to start at 7:25 PM. A list of attendees and panelists provided by Franziska Rose is enclosed.

Stacy Connery, Planner and Project Manager representing Pacific Community Design, Inc., introduced Andy Tiemann, Forward Planning Manager, Portland Division from D. R. Horton. Also, in attendance from the development team were Maureen Jackson, Planner and Kristin Thurston from D.R. Horton. Stacy explained to the group the purpose of the presentation. Andy introduced the proposed project using visual aids (vicinity map and proposed site plan). He explained that D.R. Horton, owner of the subject property, was proposing improvements to the open space tract to provide a private park at the request of the residents of Westmont subdivision. After an introduction to the proposal, attendees were invited to ask questions and provide feedback. Questions and comments were received through Zoom chat and hand-raising functions.

A summary of the questions, comments, and discussion during the meeting are provided below:

SW Redbird Street hammerhead (Private Street):

Two of the four home owners on SW Redbird Street hammerhead raised the issue that access to the proposed private park would be made from the private street. They questioned if the additional HOA fees they pay to maintain the private street would be reduced or waived since all Westmont residents would use the street to access the park. The question was also raised why the hammerhead is a private street and not owned and maintained by the City of Beaverton.

Andy acknowledged that the property owners along SW Redbird Street hammerhead pay additional HOA fees to maintain the private street. He explained that an amendment to the CC&R's would need to be made to change the amount and that an amendment requires a vote of all Westmont homeowners. He stated that he would consult with the HOA management company on the process to propose an amendment and advised the homeowners to contact him directly.

Andy explained that the park is not intended to be a vehicle destination, and homeowners on SW Redbird Street hammerhead should not expect an increase in vehicle traffic. He indicated that pedestrian access is provided from SW Wren Lane via a pedestrian access way and from SW Redbird Street via the public sidewalk network. Andy advised that D.R. Horton purchased the development from West Hills Development and did not know why the street is private but commented that it may not meet the City's public road standards.

Access to the Park via SW Scholls Ferry Road:

Community members asked if the park would be accessible from SW Scholls Ferry Road.

Andy advised that the park would not be accessible from SW Scholls Ferry Road. He explained how the existing fence around the stormwater facility would be extended to SW Scholls Ferry and along the southern boundary of the site. He reiterated that Westmont residents have pedestrian access to the site from SW Wren Lane via a pedestrian access way and from SW Redbird Street via the public sidewalk network.

Neighborhood Meeting Notes for Westmont Private Park Development

HOA Dues Increase to Develop and Maintain the Private Park:

Attendees questioned if maintenance of the proposed park would raise HOA fees or if the City of Beaverton would maintain it as a neighborhood park.

Andy advised that the proposed plan is estimated to increase HOA fees by an additional \$2 a month per homeowner. He explained that \$2 is not a final figure and that the amount will be based on the final approved design. He said he was unsure if a dues increase requires an amendment to the CC&R's and a vote by Westmont homeowners and would need to consult with HOA management.

Park Improvements and Amenities:

Several attendees asked if D.R. Horton would consider additional improvements to the proposed park design including a concrete pad under the picnic table, a play structure, site grading and lawn area. An attendee asked what the best avenue is for Westmont residents to provide D.R. Horton with recommendations on design and amenities.

Andy explained the current design proposes to provide a more passive and natural area and grading will be made to provide an ADA compliant path. He advised that the estimated HOA fee increase of \$2 a month per homeowner is based on the proposed plan and additional improvements may impact the fee increase. Andy stated that modifications to the plan will require D.R. Horton approval and advised residents to email him with proposed changes and requests.

HOA Maintenance:

Concerns were raised regarding current maintenance issues through the community.

Andy said he was not aware of these issues and expressed concern. He requested residents of Westmont contact him directly to discuss these issues in more detail. He also explained how a new HOA board will be elected once the community is built-out and the new board could solicit for maintenance proposals.

During the meeting Andy provided his email in the chat for all those in attendance and encouraged anyone who had not had the chance to propose a question or wanted more information to contact him directly. The meeting was concluded after NAC Chairman thanked attendees for participating and providing feedback and explained that a copy of the meeting notes would be mailed to the NAC before the application was submitted and a recording of the meeting would be available on the City's website.

Franziska and Jen,

I am preparing the neighborhood meeting packet required to be included in the land use applications for the development of the park.

Is there an attendee list available that I can include in the meeting notes? Also, when will the video recording of the meeting be available on the website?

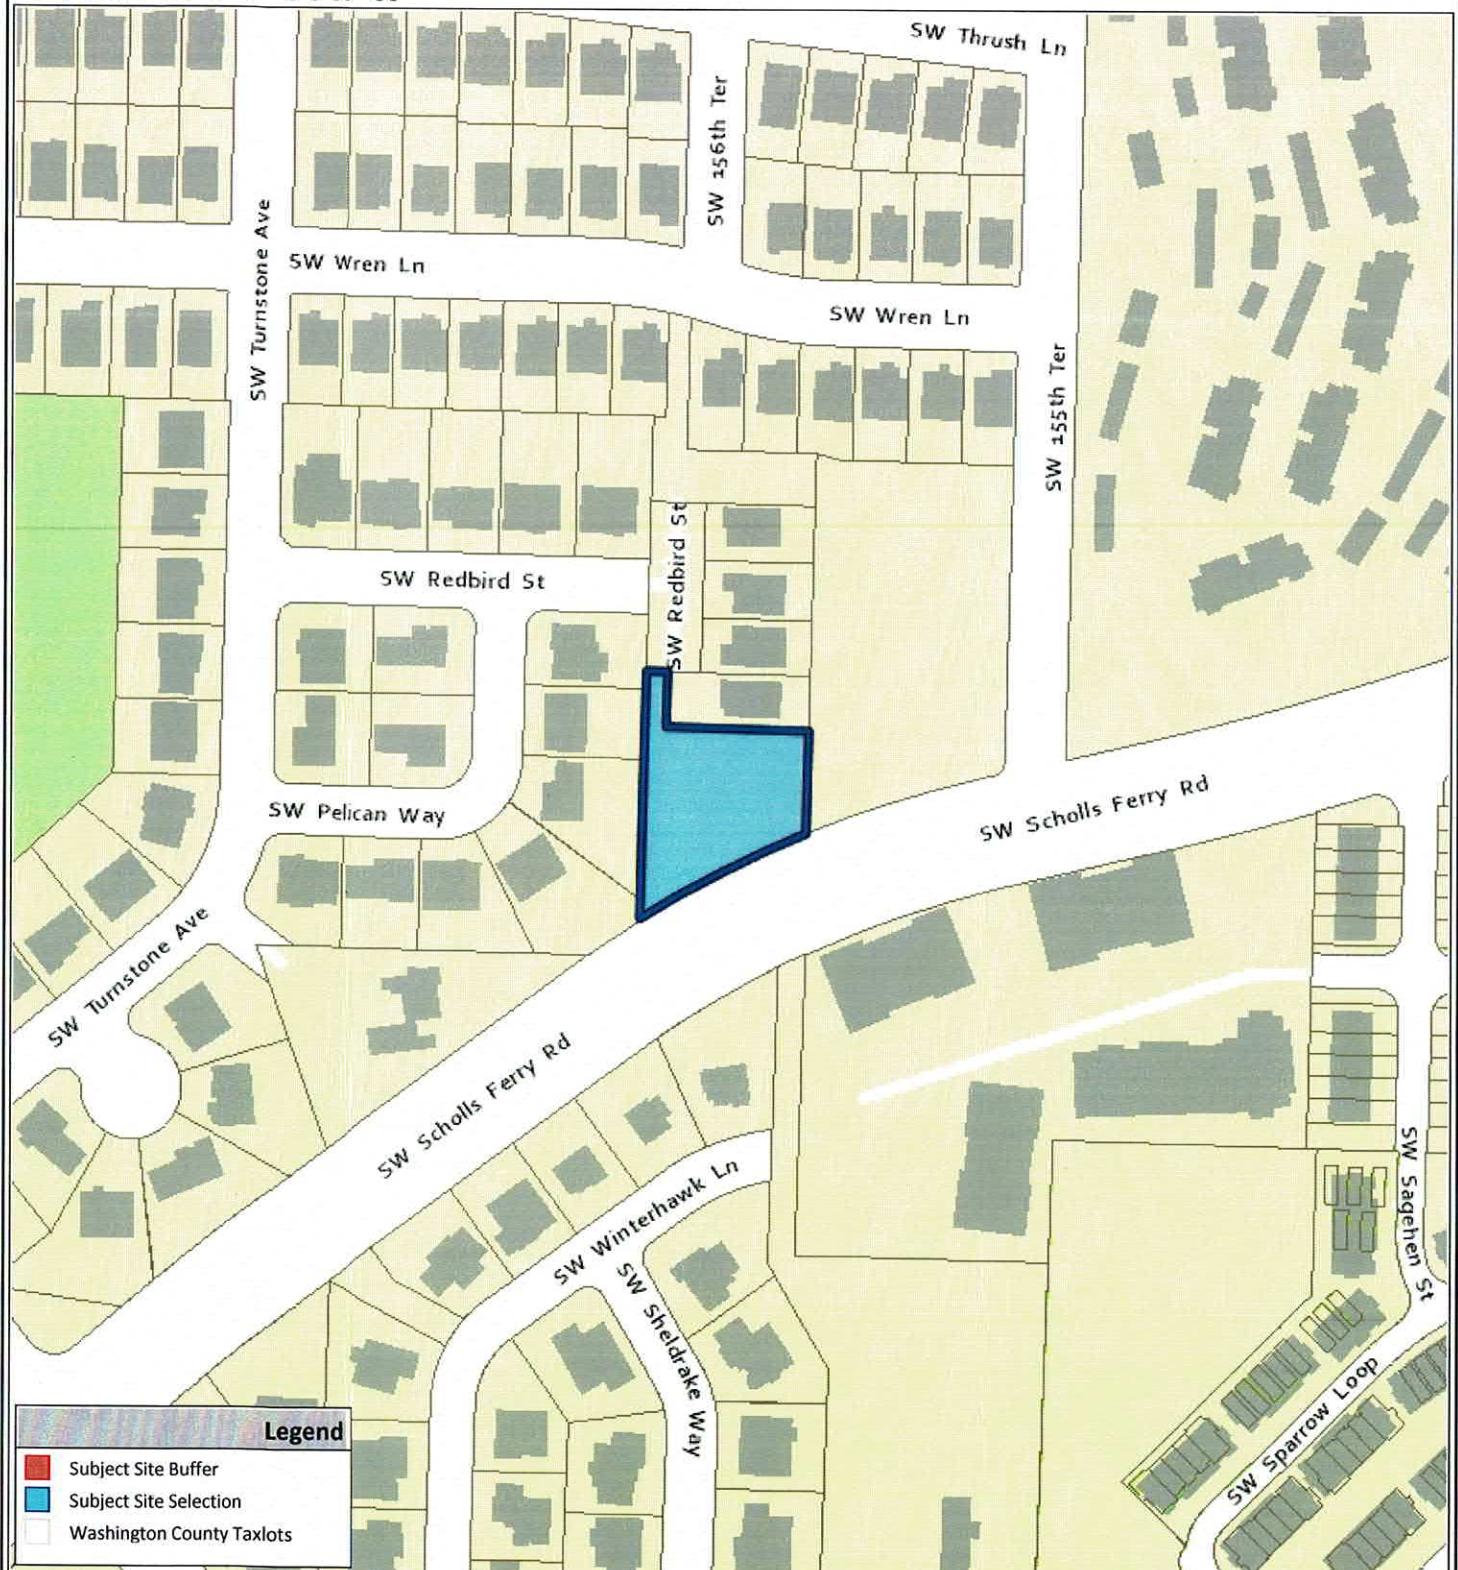

Thank you again for providing us the time to present the project.

NOTICE OF NEIGHBORHOOD MEETING

September 30, 2020

RE: DESIGN REVIEW AND CONDITIONAL USE PERMIT FOR PROPOSED PRIVATE PARK AT WESTMONT SUBDIVISION

Dear Neighbor,

Pacific Community Design, Inc. is representing the developer of Tract C of the Westmont Subdivision located on tax lot 1S132CD17400, northeast of SW 155th Avenue and SW Scholls Ferry Road intersection and southeast of SW Redbird St. and SW Pelican Way intersection, more specifically shown on the attached map (Attachment A). We are considering a proposal for development of a private park. Prior to applying to the City of Beaverton, we would like to take the opportunity to discuss the proposal in more detail with you.

The purpose of this meeting is to provide a forum for the applicant and surrounding property owners and residents to review the proposal and to identify issues so that such issues may be considered before the formal application is submitted to the City. This meeting gives you the opportunity to share with us any special information you know about the property involved. We will attempt to answer questions which may be relevant to meeting development standards consistent with the City of Beaverton's Community Development Code.

Pursuant to Section 50.30 of the City of Beaverton's Development Code, you are invited to attend a meeting on:

October 20th, 2020, 7:00pm

During the Sexton Mountain/ Neighbors Southwest Neighborhood general meeting

Via Zoom <https://www.beavertonoregon.gov/Archive.aspx?AMID=110&Type=Recent>

This link will take you to the most recent agenda. When the October agenda is uploaded it will include the link and sign on information for the NAC meeting.

All NAC meetings are recorded, archived and displayed on the City of Beaverton's webpage per Oregon State Law.

Please note this meeting will be an informational meeting on preliminary development plans. These plans may be altered prior to submittal of the application to the City. Depending upon the type of land use action required, you may receive official notice from City of Beaverton for you to either participate with written comments and/or an opportunity to attend a public hearing.

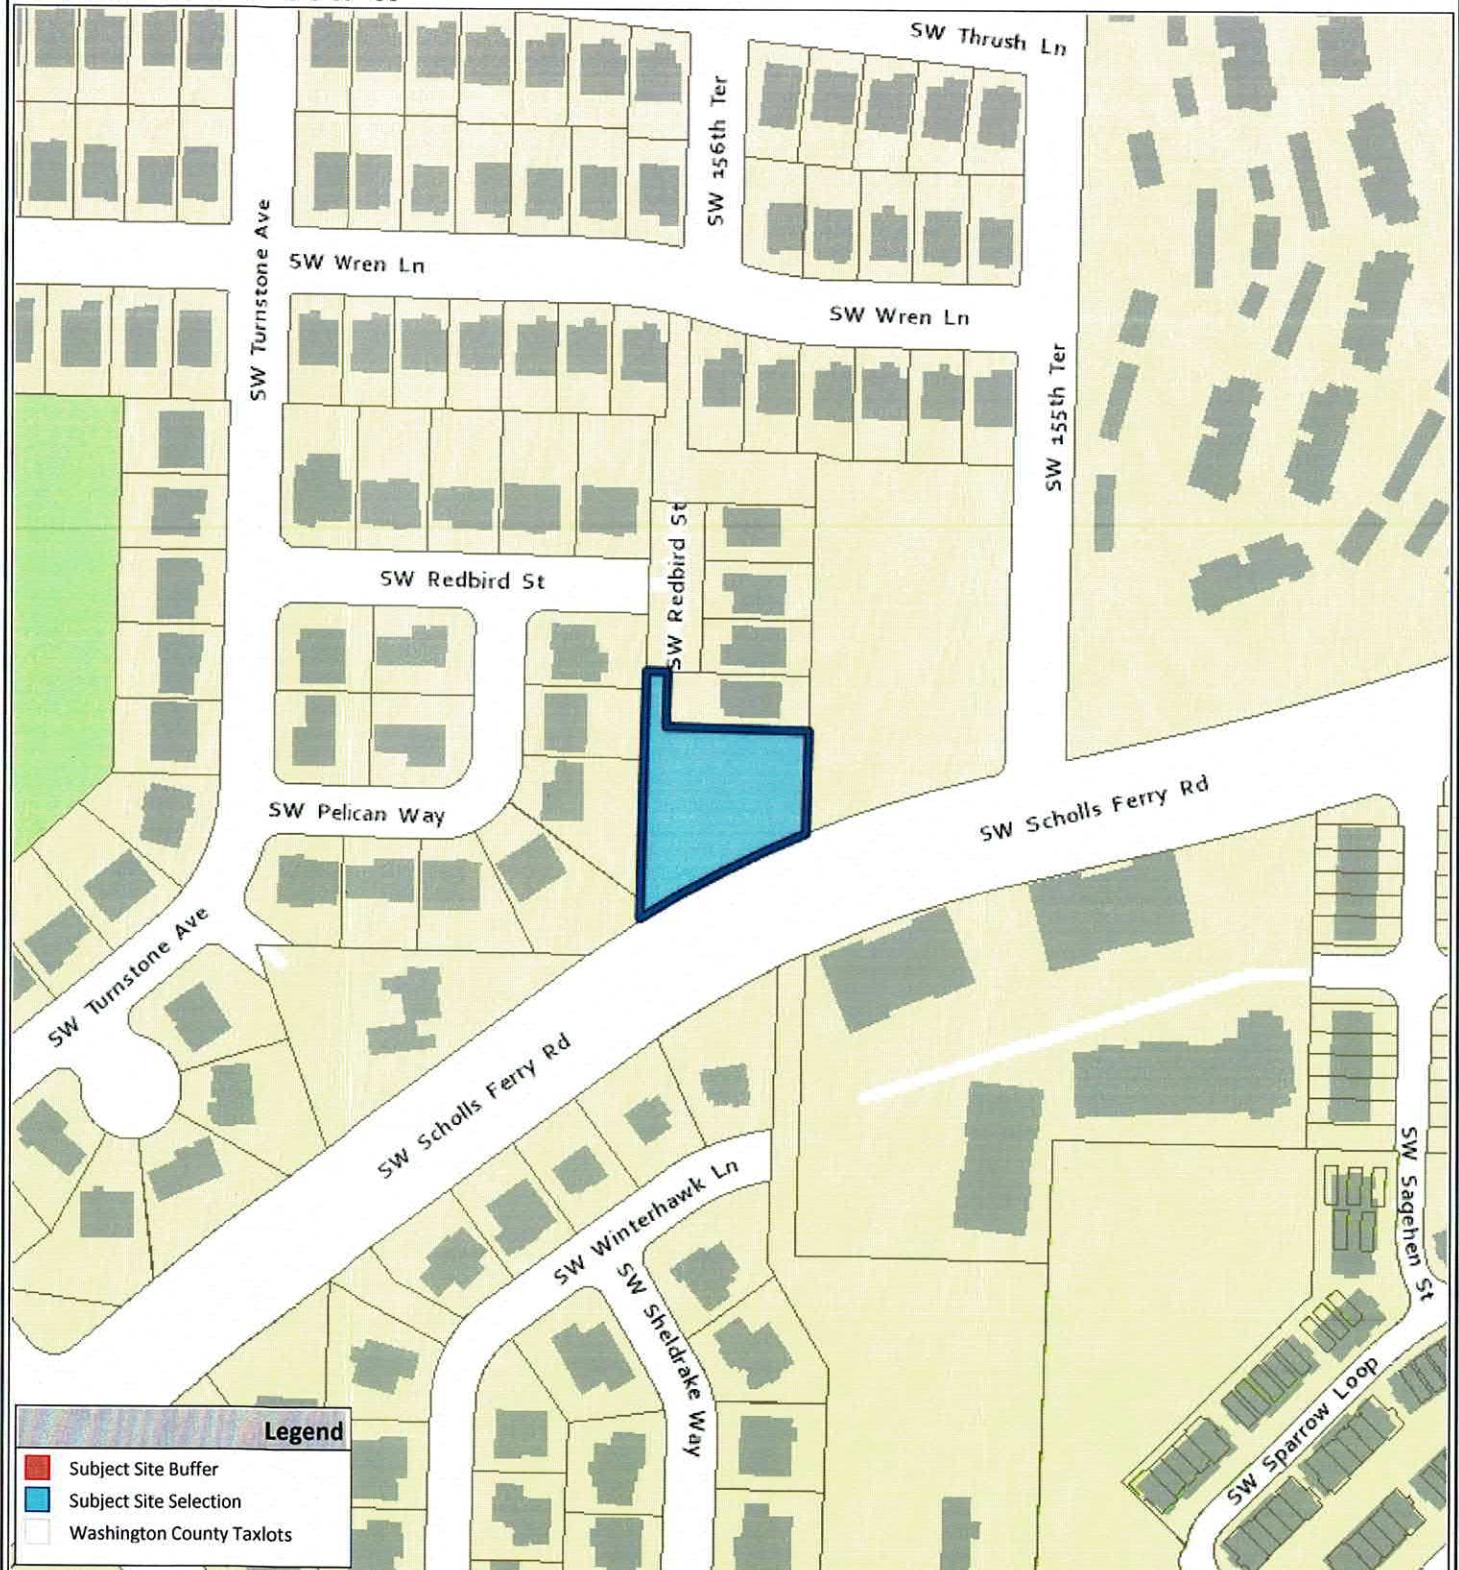

We look forward to more specifically discussing the proposal with you. Please feel free to call me at (503) 941-9484 or fax me at (503) 941-9485 if you have questions.

Sincerely,

Stacy Connery, AICP

- The purpose of this meeting is to introduce a possible development to the surrounding neighbors, businesses and the Neighborhood Association Committee (NAC).
- The City of Beaverton hopes that developers, neighbors and NACs will partner together to build a better community. This meeting is required by the City Development Code, but hopefully we can identify and consider issues constructively in a friendly and neighborly manner.
- Issues raised will be addressed during the application review process, but neighbors should also understand that there are land use requirements related to traffic, access, natural resources, zoning, the Comprehensive Plan, etc. The goal of this meeting is to find a way to meet these requirements and maintain the livability of the area.
- The applicant has a right to develop or change the property involved so long as it is approved by the City and satisfies the City of Beaverton Development Code and the City of Beaverton Comprehensive Plan.
- The meeting will work best if we concentrate on what can be done to minimize the development's impacts on us as neighbors. For rezone requests, we should also focus on whether this is an appropriate zone change.

Here are some meeting guidelines we would like to abide by:

1. Think how the proposal can be improved.
2. Be civil, positive and courteous.
3. Keep the discussion site specific.
4. Focus on what can be done, not on what cannot be done.
5. Allow others to speak before you speak again.
