**ANALYSIS AND FINDINGS FOR  
Peterkort Lot 1 Partition First Time Extension  
EXT2019-0006**

**Section 50.93 Extension of a Decision**

1. *An application to extend the expiration date of a decision made pursuant to the Development Code may be filed only before the decision expires as provided in Section 50.90. or before the decision expires as provided in the appropriate subsection of the specific application contained in Chapter 40 (Applications).*

**Facts and Findings**

The expiration date of LD2016-0027 is March 20, 2019. The applications for extension were filed on March 18, 2019, prior to the expiration of the decision.

**Therefore, staff finds that this requirement is met.**

2. *The following land use decisions are not subject to extensions of time: Director's Interpretation (Section 40.25.), Home Occupation (Section 40.40.), Loading Determination (Section 40.50.), Parking Requirement Determination (Section 40.55.15.1.), Shared Parking (Section 40.54.15.2.), Use of Excess Parking (Section 40.54.15.3.), Sign (Section 40.60.), Solar Access (Section 40.65.), Temporary Mobile Sales (Section 40.80.15.1.), Temporary Non-Mobile Sales (Section 40.80.15.2.), and all Zoning Map Amendment (Section 40.97.) applications.*

**Facts and Findings**

This is an extension for a Preliminary Partition application, which is not listed in Section 50.93.2 as applications not subject to extensions of time.

**Therefore, staff finds that this requirement is met.**

3. *A land use decision may be extended no more than two (2) times.*

**Facts and Findings**

This is the first request to extend the expiration date for this application.

**Therefore, staff finds that this requirement is met.**

4. *Extension of a land use decision for an application not listed in Section 50.93.2. may be granted for a period of time not to exceed two (2) years, will be subject to a Type 2 review procedure, and must be found to be consistent with the approval criteria listed in Section 50.93.6.*

Facts and Findings

This is the first application for a time extension and has been processed according to the procedure for a Type 2 application, as specified in Chapter 50 of the City of Beaverton Development Code.

**Therefore, staff finds that this requirement is met.**

5. *Extension requests shall provide mailed public notice to those parties identified in Section 50.40.2. In addition, the notice shall be mailed to the parties of record contained in the initial land use decision and any prior extension of time decision.*

Facts and Findings

Public notice for this time extension was mailed to: the applicant/property owner, Central Beaverton NAC Chair, all property owners within a three hundred foot radius (in accordance with Section 50.40. There were no additional parties of record from the initial land use decision as no public comment was received.

**Therefore, staff finds that this requirement is met.**

6. *In order to approve an extension of time application, the decision making authority shall make findings of fact based on evidence provided by the applicant demonstrating that all the following criteria are satisfied.*
  - A. *It is not practicable to commence development within the time allowed for reasons beyond the reasonable control of the applicant.*
  - B. *There has been no change in circumstances or the applicable regulations or Statutes likely to necessitate modification of the decision or conditions of approval since the effective date of the decision for which the extension is sought.*
  - C. *The previously approved land use decision is not being modified in design, use, or conditions of approval.*

Facts and Findings

According to the applicant, buffer easements are required on a portion of the subject property from the creek and sensitive areas. These easement are being prepared but are not yet complete. Washington County requires that the easements be established in separate documents rather than recorded on the plat. The easements must benefit Clean Water Services and the applicant is currently negotiating with CWS as to necessary language. The applicant also notes that numerous staff who previously worked with the consulting firm who is doing the work have left the firm which has caused interruptions to the work. Staff concurs that the additional time that is needed to get the easements in place and work with CWS make it not practicable to commence development within the time allowed, however the applicant has taken steps to move forward with development.

Staff finds that no significant changes have occurred to the applicable regulations that

would result in the modification of the decision or the conditions of approval. The properties continue to be zoned Urban High Density (R1) and this request to extend the expiration date of the original approval contains no proposals to make any changes to the approved plans. No other regulations have come into effect by the City's partner agencies which would necessitate a new review of the previously approved applications.

The applicant does not propose any changes or modifications to the previously approved project or conditions of approval.

**Therefore, staff finds the proposal meets the criterion for approval.**

### **SUMMARY OF FINDINGS**

For the reasons identified above, staff finds that the request for Extension of a Decision approval is supported within the approval criteria findings, noted above, for Section 50.93 of the Development Code.

Staff has provided findings, and recommended conditions of approval that show how this proposal meets the necessary technical requirements identified in Section 40.03 of the Development Code. Based on the facts and findings presented, the Director concludes that the proposal, **EXT2019-0006 Peterkort Lot 1 Partition First Time Extension meets all the requirements.**

### **DECISION**

Based on the facts and findings presented, staff **APPROVES EXT2019-0006 Peterkort Lot 1 Partition First Time Extension** subject to the applicable conditions identified in Section B, herein.
