**Summary of
Application:**

City of Beaverton requests approval to develop the ASR 3 facility to provide irrigation water through a system known as "Purple Pipe" in the South Cooper Mountain area. The Purple Pipe System is a new water system that uses cleaned stormwater for irrigation and stream recharge separate from potable water. Conditional Use, Design Review Three, Replat Two, Parking Determination, and Tree Plan applications are proposed for this development. The Conditional Use request is to allow a public facility on a parcel zoned residential. The Design Review Three will review four new structures on this 2.2 acre site, new covers for the existing ASR3 and 3A wells, underground piping connections, grading, new retaining wall, new access driveway, security fencing and gates, and other associated site improvements. The Replat Two proposes to consolidate four tax lots into one. The Parking Determination will review the required off-street parking for this facility, while the Tree Plan will evaluate the removal of Community Trees on the subject parcels.

**Project
Location:**

The site is located at the northeast corner of SW Loon Drive and SW Scholls Ferry Road at 16490 and 16500 SW Loon Drive, specifically identified as tax Lots 5900, 6400, 6500, and 6600 on Washington County Tax Assessor's Map 2S105BC.
