Hi Ben,

Thank you for your e-mail. The applicant's proposal involves existing athletic fields – they are proposing to convert 1 existing softball field and 1 existing baseball field from grass to artificial turf. Please see attached plans for details on the artificial turf. For questions about bonds and funding, please contact the applicant Steve Sparks, Beaverton School District at Steven_Sparks@beaverton.k12.or.us or 503-356-4449.

Thank you,

Lina Smith

Subject: [EXTERNAL] Southridge HS Turf fields

CAUTION: This email originated from outside the City of Beaverton. Exercise caution when opening attachments or clicking links from unknown senders.

Hello Lina,

I just received a letter indicating about the potential to add 2 turf fields to the Southridge HS fields, so I have a few questions:

1. Is there already funding for this or will a new bond be needed?
2. Is this turf for existing fields (I believe so) or turf for 2 new fields?
3. Will the turf cover just the infield or the entire field? I've seen quite a few fields that have just a turf infield, which is very effective and MUCH cheaper than applying turf to the entire field.

Thanks for listening, Ben Walker
