RE: Support for no lighting at the THPRD Pointer Road Neighborhood Park

Dear Mr Regner and Planning Commission,

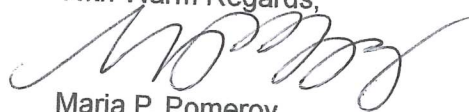

My name is Maria Pomeroy, and I live at 2100 SW 75th Ave, Beaverton, OR 97225. My property holds a driveway and an access easement off of Canyon Lane. I am writing to inform you that I fully support THPRD's request to prohibit the installation of lights along the accessway and private access for the Park. My home, garage, and perimeter driveway share this area of the Park.

The Park is a dawn-to-dusk park. Adding lights would encourage people to walk and drive on the site when the park is closed. The lights would also invite the public to be curious about my property and home at night. Light pollution is also a concern. This area has been home to many birds and wildlife. In addition, My household would be negatively impacted by the constant light during the hours of sleep.

The community and the neighbors who share the easement met with THPRD to discuss the lighting issue. We all agreed that we DID NOT want lights along the easement from Canyon Lane. In this challenging and lengthy process, it was a win that we were all on the same page regarding the lights.

Thank you for your time in considering my input to support the removal of lighting from this park project.

With Warm Regards,

Maria P. Pomeroy
