Dear Sir,

We are opposed to the proposed use of the site at 15660 SW Division St in Beaverton. That site should remain residential.

Division Street, near open greenspace, is a quiet residential street with no sidewalks. Many residents walk along that street, including families with children and pets. The extra traffic from the proposed facility would not be beneficial to the neighborhood.

Additionally, we are opposed to the removal of so many trees, and replacing them with pavement. We like living in "The City of Trees".

It seems to us that there are plenty of vacant, already paved, sites in developed areas around town that would be suitable for the proposed purpose.

Sincerely,

Phil and Karen Royce
