CAUTION: This email originated from outside the City of Beaverton. Exercise caution when opening attachments or clicking links from unknown senders.

Hi Brittany,

Here are copies of texts received from Queenz in late October indicating they've mitigated the sound problems. However, we continued to hear the low frequency bass noise. So the fixes Queenz says they implemented do not work.

Thx,
-Doug

trying very hard to comply w
city, neighbor and not upset
our client. Please let us finis
hosting this party and we wi
not host any karaoke night
weekly until we have permit

Please let me know what is your thought and willing to support small local business. I know it has been a long time but we are in the process of permit and get things compliance so we don't bother you or any of our neighbor. Thank you

Hi Doug

Sorry for the late Text

This is Tanya from Queenr
Restaurant.

We have our last private

Hi Doug

Sorry for the late Text

This is Tanya from Queennz Restaurant.

We have our last private Halloween party tomorrow at Queennz. This party will be our last one. We have our sounds engineer come out and adds on acoustic wall for sounds protection. We don't want to bother you or any of our neighbors. We want neighbor support. So please let us know if tomorrow the sounds is doing better and please don't call police. We want to work it out and it very hard for our business. We are trying very hard to comply with city, neighbor and not upset our client. Please let us finish hosting this party and we will not host any karaoke night weekly until we have permit.

Thank you
