Mr Cannon,

I am writing to you asking you to give a strong "NO" to the Sikh Temple project in Beaverton. Project LU320023-0064 does not belong in that location. Four Seasons and surrounding areas are single family homes, multi family homes, schools, parks green spaces and wet lands. A Sikh Temple belongs in an industrial area. Other churches in Beaverton have been responsible enough to use our commercial areas. Examples are "Mt Olivet church" on Farmington + Kinnaman. "Solid Rock church" on Scholls Ferry + Nimbus. These are appropriate used spots for Temples and churches, not neighborhoods. Keep our neighborhood for Beaverton Families. "NO" parking lots or destruction of big trees unless and until it provides homes for Beaverton residents. Please save our neighborhood. Again, NO permits, NO Temple, NO parking lots, NO removing our trees.
