Subject: [EXTERNAL] regarding Southridge Park Extension

CAUTION: This email originated from outside the City of Beaverton. Exercise caution when opening attachments or clicking links from unknown senders.

I hope this letter finds you well. I am writing to express my concerns and opposition to the proposed Southridge Park Extension in our community. While I understand the importance of development, I believe there are significant issues that need careful consideration.

1. The proposed very narrow road raises concerns about traffic safety. I am worried that this may increase congestion, traffic hazards, and potential accidents. It is crucial to prioritize the safety of residents and commuters.
2. The presence of large trees contributes to the aesthetic and environmental value of our community. I am concerned about the potential loss of these trees and the impact it may have on our local ecosystem.
3. Many children are living in this community, it is not safe for them to play in the playground while turning that 1 lot into 9 ones.
4. I appreciate the efforts of the city planning department in improving our community, but it is essential to address these concerns before moving forward with the project. I kindly request a public meeting or forum where residents can voice their concerns and receive clarification on the project's details.

Warmly regards :Mengyi Chen from (13170 sw bluebell lane ,Beaverton , 97008)
