Hello,
Please contact PGE for information on power outages. City of Beaverton is permitting the structure, but we do not have any information how this will affect the substation operations.
Thank you,
Sierra

Hello Sierra,

Will this cause any power outages here at Merlo Station Apartments?

Thank you,

Lachelle Temperini

Good Morning,

The proposed project is for a new 1,320 utility building that will house equipment for the substation. This is not a new substation. The building is located adjacent to SW Jenkins Road, approximately 150 feet from the property line.

Please let me know if you have any other questions or would like a phone call to discuss the project.

Thank you,

Sierra Peterson

Hello Sierra

How can I get more info about this "PGE St. Mary's Substation Improvements" will it be another power station?

Thank you

Felipe Flores
