Subject: Westmont Park

I am not going to be able to attend the March 31st hearing but I live up the street from this proposed park at 15765 SW Red Bird. My main, only, concern is parkingthere is literally zero parking that I can see on this proposed plan. Obviously people can't park on Scholls and that dead end has no parking which means people using the park will be street parking in the neighborhood and there isn't that much street parking. Can someone think through the parking needs and angle on this project please.

Thanks, Tony
